

d **Where locations contribute beyond their overall supply share**

Task contribution minus overall supply · all 478 locations · all 12 SDGs

United States · NSF

352 counties and equivalents · observed 2015–2025

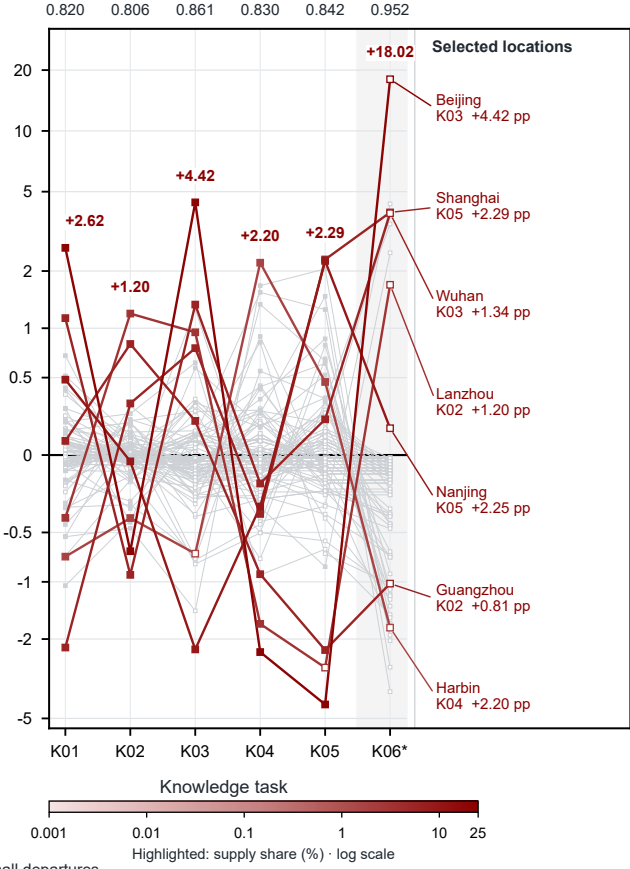

Task Gini | Overall 0.683

China · NSFC

126 prefecture-level units · observed 2015–2023

Task Gini | Overall 0.810

K01 State measurement and problem diagnosis

K02 Mechanism analysis and causal identification

K03 Scenario simulation and risk prediction

K04 Intervention design and performance optimization

K05 Planning decision support and policy design

K06 Implementation monitoring and impact evaluation

Labels: overall top five + task leaders. Label values prioritize K01–K05; the K06-only leader is also shown.
All profiles retained; exact overlaps remain superimposed. Contributions pool SDGs and describe observed samples.
