

c Task selection within shared problem paths

Dots on Δ rings: bootstrap 95% CI excludes zero and BH $q < 0.05$.

D01 Safety / resilience D02 Environment / resources D03 Services / inclusion
D04 Low-carbon transition D05 Health D06 Governance

Path labels: need → pressure → system. Bold labels identify the four manuscript examples.

All six tasks retained per path; full intervals and fractional support are supplied in the source tables.
